

RALLY AT THE CAPITOL!

Fisherman, boaters, birdwatchers, hunters, and nature lovers; everyone and anyone who uses water for recreation in the state of Utah needs to voice their support in favor of river and stream access.

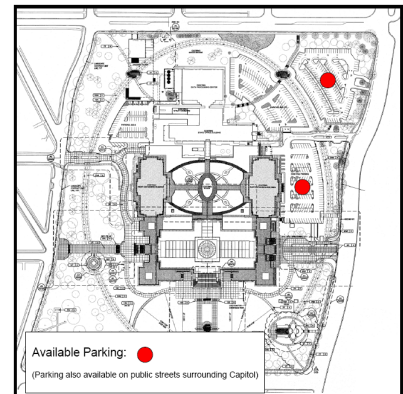

PLEASE join the Utah Stream Access Coalition (USAC) and their members at the State Capitol building for a rally in support of HB37! So bring a friend, a neighbor, or a coworker; grab your paddles, kayaks, fishing nets, and SUP's, and let's stand strong on the steps.

When: Tuesday, February 11 at 9:45am

Where: South Steps of the Capitol building

What: Rally, press conference and public lobbying

This year's rally is our most important yet. We need to show Utah's elected public officials that the people support House Bill 37. We have the momentum. We have the support. Let's make our presence known, with *the biggest rally to date*. Let's end this issue this year for generations to come. We stand 3,300+ strong, and our voice will be heard!

After the rally we will ALL enter into the capitol as grassroots lobbyists and talk to our elected officials.

BE CIVIL AND RESPECTFUL - While we all recognize that this is a "hot button" topic, it is important to remember that we are trying to acquire allies; not enemies. There are a variety of ways to convey your concerns about an issue without resorting to demeaning, crude, or offensive tones
